

Public Workshop on October 18!

Our Engineering Consultant, AECOM, along with Village Staff, will be conducting the second Public Workshop on Thursday, October 18 from 3 pm to 7 pm.

Their staff will be in attendance to answer questions concerning design, construction staging and project impacts.

It is VERY important for residents and businesses along the reconstruction area (from the southern end of Ephraim Beach to just north of the Firehouse Museum) to attend this meeting. We need to know if you will be in Ephraim over the winter, or when you will be returning in the spring.

PO Box 138, Ephraim, WI 54211

EPHRAIM NEWS

STREETSCAPE SPECIAL

I thank all the residents for pulling together to make the changes outlined in this notice come to fruition. I believe in the end we will all be proud of the upgrades to our special village.

- M.E. McCutcheon M.D.
Village President
