PLEASE READ

The State of Wisconsin has designated our kitchen as a warming or serving, occasional non-restaurant kitchen facility. As such, the State of Wisconsin does not require the Village of Ephraim to have vent hood fire suppression systems above the range cooktop of the ovens. There is a Class ABC fire extinguisher on the wall next to the refrigerator in the event of an emergency. Cooking activities that produce any amount of splattering of hot grease such as sautéing, frying and broiling of fatty, oily or greasy food is strictly prohibited in our kitchen. This activity must be performed elsewhere and those cooked items may then be brought into our kitchen to be warmed prior to serving.

VILLAGE HALL CLEAN UP CHECK LIST
